

## **YHDP Questions and Answers 6**

### **March 29, 2018**

1. The lines on the proposed budget chart on page 1 of the application are misnumbered.
  - A. Yes, we had added in an additional budget line item (rental administration) last minute, which skewed the numbering scheme. Obviously, for the sub-total: add lines 1-5, and for total match: add lines 7 and 8, and for the total budget: add lines 6 and 9. If applicants are confused, we will not count this mistake against them.
  
2. Danbury voted this week to leave the CT BOS CoC to fully join ODFC. How does this affect their YHDP eligibility?
  - A. Only communities within CT BOS are eligible for YHDP funding. Given the switch to ODFC, Danbury providers are no longer eligible to apply for YHDP funding. This means that rapid rehousing applicants in the Waterbury/Litchfield CAN should remove funding for Danbury from their applications. Given the timing of the vote, if applicants are unaware of the outcome and still include Danbury in their rapid rehousing applications, evaluators will ignore that portion of their application.
